2441 S. 3850 W. | Site B
West Valley City, UT 84120

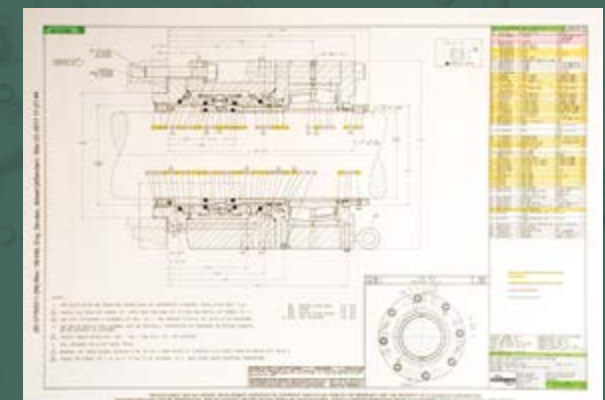

For an account of our history over the past few decades, visit us at **www.DSESLC.com**.

The most valuable use of our time is to spend it face to face with our customers

Beyond the expected amenities from a leading distributor, Davidson is able to offer technical expertise for the industries we serve. We work closely with the most reliable manufacturers and continuously update our staff on the latest product innovations and training needed to provide and articulate the necessary information for a sound purchasing decision.

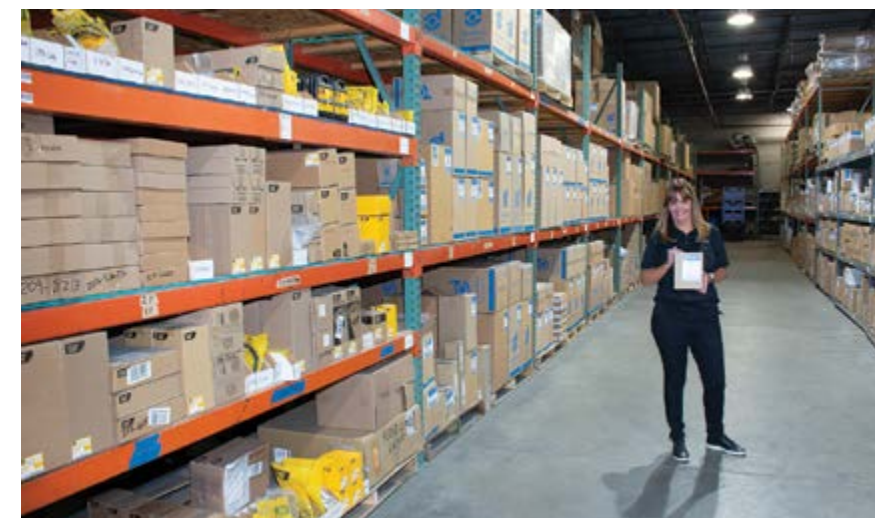

Davidson Sales & Engineering is an active member in trade associations, trade shows and expositions such as SME, NORIA, WEFTEC and MINExpo, so that the industries we serve continue to grow and remain sustainable. Our staff is eager to meet your needs and earn your trust.

INDUSTRIAL & SPECIALTY PUMPS | SEALS & ISOLATORS | OIL FILTRATION
LUBRICATION SYSTEMS | MIXERS & MILLS | WASTEWATER TREATMENT

Davidson Sales & Engineering is dedicated to providing its customers with the highest quality engineered and specialty products and equipment. Contact us by phone or email for inquiries or if you're looking for a solution. We also provide local delivery, as well as equipment rental for maximum customer convenience.

Outstanding Products from the Top Manufacturers

Davidson Sales & Engineering represents the brands that get the job done! For a complete line card, please visit us at www.DSESLC.com.

APG-NEUROS BLOWERS & AERATION SYSTEMS | AQUA-AEROBIC PROCESS EQUIPMENT
ARO AIR DIAPHRAGM PUMPS | CHEMINEER MIXERS | DIEMME FILTRATION
DONALDSON FILTRATION | FLOWERVE MECHANICAL SEALS
GEHO POSITIVE DISPLACEMENT PUMPS | GUSHER PUMPS | LINCOLN LUBRICATION
MOYNO PROGRESSING CAVITY PUMPS | NO LIMIT OIL FILTRATION SYSTEMS
NOV PUMPS | RUTHMAN PUMPS | TRILLIUM PUMPS | WEMCO SLURRY PUMPS

Davidson Sales & Engineering is a full-service distribution partner. We not only represent the most reliable brands but also make repairs when needed. We understand the urgency required when a piece of equipment goes down. Our expert repair technicians are ready to get you operational as quickly as possible. Repairs are performed to manufacturer specifications and done correctly the first time.

We Stand Behind the Products We Represent with Professional Repair Service

SLURRY PUMPS
HORIZONTAL PUMPS
GEARBOXES
MECHANICAL SEALS
METERING PUMPS
PROGRESSIVE CAVITY PUMPS
DIAPHRAGM PUMPS
FILTRATION CARTS
CARBON TRANSFER PUMPS
AGITATORS
HIGH-PRESSURE PUMPS (ROTO-JET)
SWING TUBES

If you have a brand we do not represent, let us know...we repair other manufacturers' equipment, as well. We've seen a lot over the years and take great pride in our reputation for excellence for our repair services.

ARO®

A leading global manufacturer of fluid handling products, expertly engineered to deliver performance and reliability

- ▶ Air operated Diaphragm and Piston Pumps
- Lubrication Equipment
- Filters, Regulators, and Lubricators (FRLs)
- Valves and Cylinders

We've built our reputation on *Engineering Pump Solutions.*

Our pioneering vertical sealless design eliminates a common point of pump failure.

Our pumps are USA-built, with best-in-class support.

Mining

- Aggregate Pumping
- Aggregate Washing
- Crusher Water
- Dredging
- Dewatering
- Heavy Media
- Lube Systems
- Sludge Handling
- Tailings Removal
- Wash/Prep Pumps

Industrial

- Abrasives/Slag Quench
- Coal or Coke Slurry
- Cooling Towers
- Injection Molding
- Lube Systems
- Molten Sulfur
- Onsite Power Plants
- Raw Water Intake
- Sewage & Water Treatment
- Trash Handling

Bring us your pump challenges, and we'll custom-engineer a pump that matches your exact application requirements.

WEMCO
Screw-Flow Pump

Equipped with proven single-vane, screw-centrifugal design for clog-resistant pumping of solids, fibrous, and stringy materials.

ROTO-JET
Model RG Pump

High-pressure single-stage centrifugal pump utilizing advanced Pitot-Tube technology. High-pressure without high-speed, simple design with only two basic working parts, extremely dependable and durable.

WSP
Self-Primer Pump

Rugged and dependable self-priming pump for solids and trash handling. The pump design allows for shim-less, tool-less impeller adjustment and ease of suction flap valve replacement. The Buzzsaw wear plate easily shears stringy materials preventing clogs before they can form.

Trillium Pumps USA SLC
440 West 800 South
Salt Lake City, Utah 84101
(801) 359-8731

At No Limit Oil Filtration Technologies (NLOFT), we are committed to manufacturing oil filtration equipment designed to tackle the TOUGHEST industrial applications. With our engineering and manufacturing experience we offer standard and custom designed filtration equipment for removal of various contaminants including water, particulate acid, gases and varnish in lube, gear, hydraulic, chemical and fuel oils. The End Result is Clean Oil! Which maximizes machinery efficiency and longevity saving you time and money!

Our products include but are not limited to:

- Vacuum Dehydration (WPRS)
- Portable Filtration Units / Filter Carts
- Fuel Coalescing, Forwarding and Polishing
- Oil Handling and Delivery Systems
- Transformer Oil Filtration and Service Units
- Housing Assemblies

Water, a precious resource

GEHO® PD slurry pumps

GEHO® PD slurry pumps

Water is a precious resource, the lifeblood of the planet. Water is also a resource at risk.

GEHO® high efficiency pumps allow the transportation of high solid content tailings. Users enjoy significant energy savings, not to mention dramatically reduced water consumption and extended dam life.
